

Akcinė bendrovė KREKENAVOS AGROFIRMA

Date: 2012-03-27

I have had the pleasure of cooperating with In Time Spedition for a while now and must admit I am fully satisfied with both the scope and level of services it provides.

It is one of a very few companies in Central Europe which offers specialised transport of fresh meat in frigos with hooks as well as frozen meat in standard frigos.

From my hitherto In Time Spedition is both punctual and reliable and I wholeheartedly recommend its services.
